Foundation Members

Providing the Margin of Excellence

The ETSU Foundation became an integral part of East Tennessee State University in 1970 for the purpose of generating private support as a separate, legal and non-profit entity. Membership in the Foundation may reach a maximum of 500 individuals in number, and each member is asked to contribute at least $500 annually. The Foundation is guided by a 30-member board of directors elected from the general membership. The board must meet at least once each year to consider and approve the actions of the various committees.

The Executive Committee, which meets regularly, is made up of the officers of the Foundation, the president of the university, the chancellor of the Tennessee Board of Regents or his/her designee, the president of the ETSU Foundation, the immediate past chairman of the Foundation, the chair of the Investment Committee, the chair of the Planned Giving Committee, the chief financial officer, and a representative of the past chairmen. In addition to the Executive Committee, there are four other major committees which consider issues related to investment, budget, nomination of membership, and planned giving.

The Foundation is the gift-receiving arm of the university. Available funds from endowments and from other accounts are invested into a general investment portfolio handled by professional money-managing firms. The Investment Committee closely monitors the money managers and makes periodic reports and recommendations to the Executive Committee.

The ETSU Foundation has adopted a Code of Ethics as required by the Tennessee Code Annotated Section 49-7-107. The policy is distributed each year at our Foundation Annual Meeting, and all new members are provided a copy at the time they agree to serve as members of the Foundation.

The “Margin of Excellence” is defined as the extension of private financial support for students and the university’s educational mission beyond the realm of state and federal funding.

The purpose and mission of this vital organization allow a wide range of participation of alumni and friends in its operation, resulting in the ETSU Foundation playing a proud and significant role in assisting the university in its fundraising efforts to ensure a promising future for our students. The private funds provide the “margin of excellence” with resources beyond the range of State of Tennessee assistance and tuition fees.

The President’s Trust was a noble beginning to generate ongoing support for ETSU. The first major donor club was to recognize giving of $10,000 or more. Today, this is the heart of the Distinguished President’s Trust. Reorganized in the early 1990s, it was evident contributions were surpassing the initial level and deserving of further recognition. The giving societies were established and a contributor’s ongoing cumulative giving could be given appropriate recognition.

In 1982, the Alumni Association created the Committee of 1000 scholarship endowment through the commitment of 1000 contributors each giving $1,000. The Committee of 1000 effort was to establish the university’s very first $1 million scholarship endowment. Thirty-three students received scholarships for 2011-2012, and each student is awarded $1,500 per academic year. The Alumni Association designated the Committee of 1000 students as “Stanton Honors Scholars,” which honors the former University President, Dr. Paul E. Stanton, Jr. The list shown as recorded on the Committee of 1000 plaque on the second floor of Burtin E. Dossett Hall of the ETSU Foundation Walls of Honor.
